Dear Parents and Students,

On behalf of the Arndell Anglican College Community, we would like to congratulate our Year 12 students on achieving excellent results in the 2015 Higher School Certificate. For many of our students, they have indeed achieved personal best results due to the hard work which so many of them displayed over the two year programme of study.

The following subjects all had students achieve Band 6 results (the top band in the HSC):
- English Advanced
- General Mathematics
- Mathematics
- Ancient History
- Modern History
- Music 1
- PDHPE
- Senior Science
- Industrial Technology.

Extension History also had one student achieve E4 (the top band for Extension subjects).

The following students have also achieved a place in the Distinguished Achievers List:
- Jessica Aldacour (Mathematics General 2)
- Victoria Bice (Mathematics General 2)
- Caitlyn Boyle (English Advanced, Ancient History)
- Madison Copland (English Advanced, Ancient History, Mathematics, Modern History, History Extension)
- Madeline Eglin (Mathematics)
- Zachary Elven (Mathematics General 2, Music 1, Senior Science)
- Taylah Gabriel (Mathematics General 2)
- Jake Hilder (Industrial Technology)
- Mitchell Kenny (English Advanced)
- Lorna Lebsanft (Personal Development, Health and Physical Education)
- Jack Weise (Music 1)

73% of the HSC results were located in the top three bands for 2 unit subjects and 100% of Extension Subjects results were located in the top 2 bands.

Tomorrow, the ATAR results will be released and when we have an accurate indication from the students as to what they have achieved, we will inform the College community accordingly.

Again, congratulations to all of our Year 12 students for their dedication and hard work throughout the year. It was wonderful to see so many sharing their achievement this morning at the HSC BBQ and I encourage them to contact the College or email karen.merrick@arndell.nsw.edu.au with ATAR results and their plans for the future.

Best Wishes for an enjoyable Christmas.

Yours sincerely,
